## The President's Corner by Gary Stofer

It's April already and things are really starting to get busy around our house, making plans for the summer riding season. The first thing we're going to do is enter the BMWMOA Mileage Contest. You're involved here. Bring your mileage and MOA number to the April general membership meeting and we'll supply the entry forms and odometer verification. We'll even mail your entry for you. It's time we show those Wisconsin

Cheeseheads that there are more BMW riders in California than in Wisconsin. The number of miles you ride this summer is not important, the only reward for entering is that you'll receive a small participant pin and will eventually see your name published in the Owner's News when the results are posted. This is strictly a fun activity. If you're going to ride some big miles this summer and will be seriously contending for the high mileage award, you're probably better off mailing the entry yourself. A club officer or 2 MOA members can verify your mileage.

RCB Mileage Contest or Rider of the Year Award??? This event is more accurately called the Terry Caffery Mileage Challenge. Terry has taken this on by himself to encourage us to ride more. Last year his Mystery Spot contest resulted in cash awards that Terry paid for out of his own pocket. You can see he's very seri-

ous about giving all of us an incentive to get out there and ride. Great job, Terry.

Check out our web site at: [www.rcb.org](http://www.rcb.org). There's a new Forum that has been set up by member Phil Wood. The Majordomo list ended up getting spammed and has been shut down. The new Forum is great and gives you the opportunity to communicate almost instantly with other members. Looking for someone to ride with Sunday? Stick it out on the Forum and you may be able to hook up with others on short notice.

When you check out the Forum you'll see that I've started a thread about the [RCB Assault on Paonia & Spokane](#). The itinerary is posted and you can provide feedback or sug-

gestions as well as hook up with others who may be interested in all or part of the ride. For more details on the Assault, check elsewhere on the Web Site. I've had detailed maps, directions, and infor-

mation posted in a .pdf file. Just download it like you do our Newsletter: right click on the link, left click on [Save Target As...](#) Or you can just open it directly. The link will probably be on the News page of the web site but since it's not posted as I'm writing this, I can't guarantee the location. Look around, it's there.

So, did you notice a common thread running through my column this month? It's really what RCB is all about:

Ride Safe Ride Often

Got Mufflers? (Okay, this might be my personal ax to grind)

## Spring B&B Ride

June 19-20, 2004

The Spring Bed & Breakfast Ride is scheduled for the last two days of Spring, Saturday June 19th and Sunday June 20th. Organized by Greg and Cyndee Peart and Tom and Helen Austin, the destination will be the historic Fall River Hotel in Fall River Mills, CA. Fall River Mills is a quiet little town located about 70 miles northeast of Redding on Highway 299, at an elevation of about 3,500 feet. The population of the town has been about 600 for over 100 years. Principal economic activity in the region is cattle ranching, rice and alfalfa farming, and tourism. The bar and dining room at the Fall River Hotel is not only a popular gathering place for locals, it attracts tourists from outside of the area who are interested in enjoying good food in a quiet and relaxing atmosphere.

The ride to Fall River Mills will begin at Granzella's Deli, located just off of Interstate 5 in Williams, CA, 55 miles north of Sacramento. A no-host breakfast at Granzellas will be at 8:00 a.m. The ride will begin at 9:00 a.m. sharp. The final route will depend on weather and road conditions but will likely involve scenic two-lane roads like SR70 through the Feather River Canyon.

Total riding distance from Granzella's will be approximately 240 miles. There will be a quick, 10-minute stop about an hour into the ride. There will be a 45-minute break at about the midpoint of the ride, probably at a coffee house south of Lake Al-

manor. Fuel will be available at this stop for those who need it. There will be one more quick stop before reaching Fall River Mills at about 2:30-3:00 p.m.

After check-in, there will be a hosted wine and cheese tasting in the hotel dining room at 4:00 p.m. There will be more than a dozen good wines to sample, along with a variety of cheeses and breads. Dinner will be served at 7:00 p.m. There will be several entre choices ranging from prime rib to vegetarian. The hotel bar will remain open after dinner.

Sunday morning there will be a hosted, family style breakfast served for our group at 8:00 a.m. After breakfast, the ride back to the Sacramento area will begin at 9:30 a.m. and will follow a slightly different route. We will do a no-host, afternoon lunch stop somewhere along the way.

Cost for a room, the wine tasting, dinner, and breakfast at the hotel, including tips, will be approximately \$200 for couples and \$130 for singles. Final prices will be available soon. For reservations, send e-mail to [austin@ironbutt.com](mailto:austin@ironbutt.com). If you don't have e-mail, you can call or leave voice mail at 916-941-6666. Specify whether you want a double or a single room. Leave a phone number and time where you can be reached. Greg, Cyndee, Tom, or Helen will call you back to describe the accommodation options available.

If you have questions, Tom and Helen Austin can be reached during normal business hours at 916-444-6666.

# BARNs

BY JOHN G. SULPIZIO

Montgomery, Michigan

For me there is something emotional about barns. You see them everywhere; however, their significance only recently struck me as I rode across the lush Fall landscape of the Michigan-Indiana border, a region local-

ly known as Michiana. The morning sun was at my back and shined brightly on the easterly faces of these stately structures. Each seemed to tell me something.

They whispered, "I am your faithful servant and I have stood

Morenci, Michigan

by you from our earliest days. I am the architectural workhorse of your great country. I have protected you and yours, and assured your sustenance when the weather would not. When you raised me I was the center of your social life. When new life sprung forth from your herds and flocks, I sheltered its vitality. Within me your children have learned their work ethic, have grown strong from honest labor, and fashioned their principles. Within me, within my strong walls and under my bold roof I shaped the moral fiber of your ancestors and the resolve of this great country."

Perhaps it was all the hallucination of a middle-aged rider, merely euphoric to be gliding across the green Midwest on his brother's motorcycle. Perhaps it was a melancholy moment, knowing I was on my way to visit an elderly and ailing Father in a South Bend hospital. And then again, perhaps it was God's subtle way of opening the eye of a blind man.

Montgomery, Michigan

Thunder Hill Alert! Spaces are filling up and it looks like Thunder Hill will be a sell out. If you are remotely thinking of attending please send in your reservation now! You won't be sorry and riding your moto this summer will be so much more enjoyable!
